EXPERIENCE

Oasis Infobyte

May 2023 – Present

- During my one-month internship at Oasis Infobyte, I gained valuable experience in web development. I completed several projects, including a temperature converter website, a portfolio website, and a landing page. Through these projects, I gained hands-on experience in coding, designing, and deploying websites. The internship provided me with an opportunity to apply my theoretical knowledge to practical tasks and enhance my skills in web development.

Goldman Sachs

Feb 2023 – March 2023

- Software Engineering Virtual Experience Program is an interactive online program for students to explore Engineering and learn more about how our organization builds solutions to some of the most complex problems in the industry.
